CADETS DISCIPLINED.

Three West Point Officers and a Private Disciplined for Breach of Rules.

WEST POINT, N. Y., Nov. 27 .- Solitary confinement and degradation to the ranks was the severe punishment ordered for three officers and one private of the United States Military Academy after a recent breach of discipline on the "two hundredth" night before commencement. Acting First Captain Guthrie, of Colorado, for permitting a breach of order in the mess hall and for subsequent insubordination, was sentenced by a committee of army officers to solitary confinement and the removal of his chevrons. He was transferred to Company F. Cadet Commandant D. D. Gregory, of Missouri, was sentenced to confinement and degradation to the ranks. Cadet Lieutenant William F. Russell, of New Hampshire, for breach of discipline, was reduced to the ranks. Private Dowd, cadet at large, in the fourth class, was demerited and ordered to confinement for causing a breach of discipline in the mess hall. The punishment came for one night's sport with the "plebes" in the mess hall. The plebes were ordered to "sound off" the number of days until June, when the classmen will become second lieutenants in 6.15c; January, 6.25c; February, 6.35c; March, the army. In West Point parlance to 6.40@6.45c; May, 6.50@6.55c; July, 6.60@6.65c; Sep-"sound off" is to answer at once a question put by a superior. In the book of tactics it is the command given at dress parade by the adjutant of the battalion to the (The quotations given below are the selling prices of the wholesale dealers.) band. It marks an advance since one month ago to-day of 13%@13%c. Shorts were intensely nervous; Mr. Phillips, credited with being in secure control, was placid. Of the 517 cars received today but 51 were graded contract, and private elevators, which have been trying to "doctor" cheaper corn into No. 2, delivered to public heuses over Sunday only 90,000 bu. These facts, together with the sustaining, by a committee, of Mr. Phillips's rejection of 'two cargoes of "doctored" corn, were responsible for the young corn king's confidence and the agitation among shorts. At 50c Phillips let out 55,000 bu. Between 49c and 50c he is credited with liquidating 100,000 bu. He purchased that much early, and possibly more. The tone of the market throughout was easy, under the influence of indifferent cables, an increase of the market throughout was easy, under the influence of indifferent cables, an increase of 192,000 bu on passage, the heavy Russian and KANSAS CITY, Nov. 26.—Eggs firm; fresh sold between 71%c early and 70%070%c the afternoon, closing %@\c down at 70\@70\c. Incomplete reports put seaboard clearances, in wheat and flour, at 328,000 bu. Aggregate receipts at primary points were 1,065,000 bu, com-pared with 1,285,000 for two days last year. Minneapolis and Duluth reported 759 cars, against celpts were 123 cars, none of contract grade. In oats there were only a few trades in the way of changing December for more deferred The market was dull and neglected in favor of corn. December sold between 21%@ 22c and 21%@21%c, and closed a shade down at 21%@21%c. May was at a 2%c difference. Re-

ceipts were 104 cars. Provisions were easy early, on the heavy run of hogs and a slack cash demand. The market was poorly supported by bull leaders, and the packing interest sold November lard freely on all bids. Later the market turned strong on a sharp commission-house demand for pork, and in sympathy with the corn strength. Most of the bulge was lost, however, on prout-taking. January pork sold between \$12.07½ and \$12.40, and closed 12½c up at \$12.20; January lard between \$6.874@6.95, closing unchanged at \$6.90, and January ribs between \$6.32½ and \$6.37½@6.40, with the close unchanged at \$6.35.
